Since about a week ago our social hall renovation has finally started. Many of the walls are already down and it's a little exciting since we have been waiting for almost 2 years. It's been crazy waiting for permits to be approved. So nothing is scheduled in the social hall at this time. We did not have our annual Crab Feast in February and our annual Teriyaki Chicken Dinner in March. No plans for our Cha-Soba and Hanamatsuri Luncheons in April.

We plan to have our Chocolate Dipped Strawberries in May as that event will be held at the Ventura County Fair Grounds on May 18th and 19th..Everyone is invited to come help dip berries or just enjoy the festival...

When the weather gets warmer, we are planning to have outdoor activities just so our members can enjoy spending time together.

Thank you
